CANON IN-SCHOOL SHSM CERTIFICATIONS: PORTRAIT PHOTOGRAPHY, PRODUCT PHOTOGRAPHY, AND VIDEO STORYTELLING

Start your journey to success with technology and software skills that align with SHSM certification requirements and prepare you for a bright future.

Industry-led, experiential learning for ICT +/-or Arts and Culture SHSM students, and more:

INDUSTRY-LEADING TECHNOLOGY:

We'll bring a class set of cameras on site for the training program so we can provide technical training to support students in operating a camera for photography, or video production.

EXPERT INSTRUCTION:

A dedicated Canon Instructor is on-site to deliver the training and support students in the hands-on application of the new skills they learn during the course.

SHSM CERTIFICATION + CURRICULUM ALIGNMENT:

Upon completing the training, students receive a Certificate of Completion in Portrait Photography, Product Photography, or Video Storytelling, with workshops aligning to SHSM categories like technology, lighting, portfolio development, and specialized skills.

**LIMITED SPOTS ARE AVAILABLE
FOR IN-SCHOOL WORKSHOPS.**

There are only a few spots left for SHSM workshops! Take advantage of in-school certifications and offsite training at our headquarters office in Brampton. Schedule a call with our team today to secure your spot!
